

YOLO COUNTY DEMOCRAT.

SATURDAY, MAY 29, 1899.

Local Agents.

T. P. MAHRE is duly authorized to solicit subscriptions, advertisements, etc., for the Democrat, and receipt for money for this office. Can be found at his place of business, Planters' House block, Woodland.

J. W. KALBACH is authorized to receive money due this office, and solicit subscriptions, advertisements, etc.

AN OFFER TO THE WIND.—We notice that the wheat market is steadily advancing, both in Liverpool and San Francisco. During the past week it has advanced, according to the Bulletin, four cents in Liverpool, and five in San Francisco, while a special dispatch to the Sacramento Reporter notes an advance at the former place of ten cents, quoting at nine shillings nine pence. These are good indications, and we hope to give equally as good next week. The Bulletin, which never overquotes farm products, quotes wheat at \$1.60, and barley at \$1.50.

TEMPERANCE AND POLITICS.—At a meeting of Woodland Lodge of Good Templars, the subjoined resolutions from their brethren of Chico Lodge, Butte county, were enthusiastically endorsed. No concealed or partial views are contemplated by the resolutions. They were designed only to induce both political parties to select temperate men as candidates for office. The able address accompanying the resolutions, drawn by A. B. Butler, a blacksmith, at night, after a hard day's work in his shop, will be published in our next, by order of the Lodge. When the "Good of the Order" was called, R. P. Davidson, Esq., submitted the following, with appropriate remarks, which were generally debated, by Brothers and Sisters:

The address and resolutions of Chico Lodge in relation to the action of Good Templars throughout the State at the ensuing election, having been brought to the notice of this Lodge, and fully sympathizing with the objects and sentiments therein contained, Be it Resolved, That Woodland Lodge fully endorses the plan of action proposed by our brethren of Chico Lodge, and we hereby pledge our earnest co-operation in carrying the same into effect.

Resolved, That copies of the address and resolutions of Chico Lodge, together with the resolutions of this Lodge, be furnished to the YOLO COUNTY DEMOCRAT and YOLO MAIL, and that the action of this Lodge be reported to the Rescue.

RESOLUTIONS OF CHICO LODGE.

Resolved, That in the ensuing fall elections we will use our utmost endeavors to procure the nomination and election of temperate men to all offices in the gift of the people of Butte county.

Resolved, That whenever temperate men are in nomination for official position, we pledge our sacred honor to give them our support, irrespective of all former party distinctions.

Resolved, That we demand of each candidate for our suffrages, as a pledge that he will faithfully discharge his duties, that he abstains altogether from the use of intoxicating drinks—because, without such pledge, there will be no safety—no security.

TO CORRESPONDENTS.—We now have two communications on file, one from "Old Line Republican," the other from "New Line Republican," of Cache Creek, concerning the YOLO MAIL. This new correspondent suggests that the Republican Central Committee take some action to shield the Republican party from the injury which he thinks it is sustaining from the editor of the Mail. We decline publishing the communications, for the reason that we do not wish to feed a diseased appetite for scurrility and abuse, and trust the Republican gentlemen, the writers, will pardon us for refusing a place in our columns to their articles.

ANXIOUSLY CONCERNED.—The Vallejo Recorder and Sacramento Record, following the lead of the Solano Sentinel, seem to be much concerned lest Long Primer Hall kills the Democratic party of Yolo county. Before such wholesale fratricidal slaughter as takes place, we hope to assist in drawing a sufficiency of claret from the body of Mongrelism to give it a little the appearance of white, which will be the first time it ever looked that way. Men never warn their enemies of impending danger. The simple man of the Sentinel, we believe, speaks what he thinks—the others do not.

CRAWFORD COUNTY PLAN.—In our remarks touching the primary election last week, we did not wish it to be inferred that we favored the selection of candidates according to the Crawford County Plan at the approaching primaries. We designed to recommend that the Democracy in voting for delegates to a county convention should also vote yes or no on the proposition to adopt the Crawford County plan for the future. When the will of a majority of the party is consulted, no one has the right, or will complain.

LET US HAVE HIS NAME.—We are informed that the proprietor of one of the barber shops in town refused to subscribe for a Democratic paper, giving as a reason that Republicans had told him that they would withdraw their patronage if he did. Give us the name of that barber.

FASTEST ON RECORD.—The race at the Union Park course, in Sacramento, on Wednesday, known as the "American Derby," single dash of one mile and a half, was won by "Bloomsbury," he beating "Compromise" one foot and making the best time on record, 2:41; average mile 1:47 and a fraction.

CO. DEM. CENT. COM.—The County Democratic Central Committee meets to-day. We trust they will recommend that a vote be taken at the primaries as to whether the Crawford County plan shall rule at future elections. The will of the majority!

Taxation, the Bane of Liberty.

Do the farmers and laboring classes generally of Yolo county ever think of the enormous taxes imposed upon them, what are the objects for which they are imposed, and what becomes of the money they thus pay? Let them institute an inquiry and answer these interrogatories, and they will find themselves in possession of that which most intimately concerns the welfare of themselves and their families. Let them make a very simple estimate, within the capacity of the most illiterate of their number, and note down on paper what they had to pay for staple articles needed in their families and on their farms in 1898, under a Democratic administration of the government, then write down in an opposite column what they have to pay now, for the same articles, under so-called Republican rule, and consider the difference. Let them ask themselves why this difference?—what becomes of the money after it is paid to the tax-collector? Superadded to this, let them write down what they pay the Internal Revenue Collector, which is a new feature of taxation in a republican government, as unjust as it is onerous, and which could not stand one minute if appealed to an honest judiciary who dared do their duty. If this process would not open the eyes of tax-payers and cause them to spurn the political party that heaps such oppressions upon them; then are they hopelessly blind and irremediably sunk in debasing servitude to the wicked men who now rule the country as with a rod of iron.

We copy from the Old Guard, a list of the articles upon which the people are taxed, arranged in rhythmatical form, and invite the best attention to it. Here it is: "The best government the world ever saw" now taxes you laboring men for—

The hat on your head,
The boots on your feet,
The clothes on your person,
The food you eat,
The tea and coffee you drink,
The pot it is cooked in,
The cup you drink it out of,
The implements on your farm,
The tools you work with,
The paper you write on,
The pen and ink you use,
The papers and books that you read,
The furniture in your house,
The gas or oil you burn,
The coal you consume,
The stove you burn it in,
The match you light it with,
The medicine you take,
The pipe you smoke it in,
The dishes on your table,
All you eat off them.

Now, let every tax-payer inquire, is there a legitimate cause for such excessive taxation? and the irresistible conclusion they will arrive at will be, there is not—that the most of it is for wicked purposes, not sanctioned by the fundamental law or the necessities of the country. Added to the legitimate expenses of government, he will find that he is taxed to maintain the Negro Bureau in the Southern States, and a standing army to execute the edicts of this Negro Bureau, which will run the figures up on him largely over a hundred millions of dollars annually. But this is not all the tax-payer has to pay on account of the negro. He has to pay for feeding and clothing many of them, and for educating them and their children. At the last session of Congress thirty thousand dollars were appropriated to feed the vagrant devils in the District of Columbia alone. Government does not feed, clothe and educate your children; you have to do it yourself, or they go hungry. You will thus perceive that Mr. "Nig" is a special object of government protection, and that you have to foot the bill. All this money is drawn from your pockets in the shape of taxes, for there is no other way of raising money. But where is the necessity for this Negro Bureau and this standing army, in a time of profound peace? Do not such things sound strange to republican ears, and do they not give you an idea that our government is passing rapidly into a despotism? Is it not enough that the negro is given his freedom? Must he become a perpetual tax on the white muscle of the country? Under his white master, before the accused war, he was made not only to support himself, but to be a source of revenue to the government. Now all this is changed. He has to have an expensive Bureau in the South to transact business for him, and a standing army to watch over both, and white tax-payers have to defray the expense.

But this is not all. Members of Congress cannot afford now to work for \$3 a day as under Democratic administrations, they must have \$12; they must also be furnished with scented soap, perfume, pocket knives and many other things. Among those many other things, must be numbered handsome prostitutes for such as do not bring their families to Washington with them. These also are maintained at your expense, as will be seen from the testimony of Hannah Tyler, a female clerk in one of the departments at Washington, published in another part of our paper. Now suppose, Mr. Tax-payer, that your wife should say to you, "Husband, I need a better dress than I wear; Mary Jane is of a marriageable age, and needs better clothing, and the house needs another room put to it." You would be very likely to reply: "Wife, my finances will not now afford these things; my taxes are terrible; that infernal Revenue Collector who come along the other day cleaned me out." Your wife, then, would very naturally inquire, "What are all these taxes for? You did not have to pay so much under old Buchanan's administration?" And if you would honestly tell her that it was to feed and educate negroes in the South, and to pay for kept mistresses for members of Congress, she would most likely tell you that your first duty was to provide properly for your own family, and that if she ever knew of your voting for so

villainous a party again, that you might hunt another bed to sleep in. If she was a woman of proper spirit, such would be her language.

Farmers and laboring men of Yolo county, we ask you to weigh dispassionately the truths we have here recited. What can you promise yourselves from supporting a political party that makes your impoverishment the object of its legislation—that overwhelms you with taxation that they may riot in all manner of licentiousness and wickedness? You have voted long enough for the benefit of party—vote now for the benefit of your country, yourselves and your families.

STATE CAPITAL REPORTER.—E. K. Phipps, the gentleman who has managed the financial affairs of this paper from the first number issued to the present, visited our town and Davisville on Wednesday and Thursday last, on business connected with that office. We are pleased to learn from him that the prospects of the paper are flattering. It has run the gamut of difficulties, through which so many Democratic newspapers in Sacramento vainly endeavored to pass, and is now a fixed and permanent institution. If Democrats in this State would patronize the Reporter to the same extent they do the Union, that patronage would build it up and give it quite as large a circulation, thereby securing the permanent success of the Democracy. Mr. Phipps has never yet failed in his financial management of newspapers, and his success with the Reporter, under difficulties that could not be surmounted by so many before him, entitles him to great praise. With one exception the Reporter is a good paper. If it would say nothing of the supremacy of the Federal Government, and treat the war against the South as the greatest outrage ever perpetrated since the first dawning of civilization, it would be unexceptionable as a Democratic newspaper. This is the individual opinion of the author of this article, and we would not consider ourselves a Democrat if we held a different one.

Since the above was in type we have understood that Mr. Phipps booked a large number of names for the Reporter. The permanent establishment of an organ at the seat of government is a necessity of the Democratic party, which that party cannot forego. The Reporter publishes the Supreme Court Decisions, and the latest telegraphic news. Let Democrats everywhere extend patronage to it, and soon the Union would be rivalled, if not surpassed.

THE YOLO MAIL.—The editor of this paper is informed that we can find a better use for our columns than for purposes of vituperation and abuse, alike offensive to decency and good sense. If he wishes to discuss any of the political questions at issue, we are always in readiness; or, if he misrepresents the actions of our county officials, we shall set them right by publishing the facts. Further than this, the editor of the Mail cannot draw on our time and space. To let him know, however, how apt a man is to be mistaken, when he acts upon conjecture, we tell him he is again mistaken as to the authorship of "Old Line Republican."

ANOTHER EDITOR A CANDIDATE.—The friends of Captain W. N. De Haven, of the Northern Enterprise, have invited him to become a candidate for the Legislature on the Union ticket. The Captain is in the mountains, and has not yet responded. The Captain is a courteous gentleman, and would make a useful member. Although the honored head of Henry Clay is beneath the sod, he will not be entirely dead until Captain De Haven dies.

GINGERBREAD.—The Vallejo Weekly Recorder comes to us this week with a huge new head, representing the town, and a machine for raising grain from the cars and putting it upon vessels. In the language of obituary notices, with propriety, he is termed a monstrosity. It is nearly all head, and has not enough of other parts to perform the functions of digestion and reproduction.

AN EDITOR A CANDIDATE.—A. J. Jones, editor of the Havilah Courier, is a candidate to represent Kern county in the Legislature. Mr. Jones, we are pleased to know, will be elected. He is a first class gentleman, a man of intelligence, and knows the wants of the State—his Democracy has the clear Jeffersonian ring in it, and he is fearless in promulgating it.

DEATH OF A NOTED CITIZEN.—John C. Keenan, an old citizen of Sacramento, died suddenly of heart disease at San Francisco, on the 24th instant. He was at one time proprietor of the Fashion Hotel, in that city, and was a leading spirit among the firemen.

GENERAL LEE.—The Washington correspondent of the Chicago Times says, before leaving Washington General Lee expressed himself much annoyed at the fabricated accounts of his interview with the President which appeared in the New York papers. He denies having more than alluded to reconstruction in the conversation, and even then did not say that he accepted the reconstruction acts, or that he endorsed the 15th Amendment. He simply wished that Virginia would be restored to the Union in all its practical relations.—S. F. Dispatch.

DON'T FOR.—The Placer Herald says: Of the last three Presidents of the United States, the first was a rail splitter, the second a tailor and the third a tanner. The first split the Union wide open, the second sought to patch and mend it, while the tanner has in his vat and is trying to tan it—with Ethiopian ooze.

A CHOICE EPIGRAM.—The Baltimore Gazette has written a choice epigram for the tomb of Beas Butler: "Wherever battles were to be fought he was conspicuous by his absence." Wherever money was to be gained he was actively on the alert.

FARE REDUCED.—The railroad fare from Marysville to Sacramento has been reduced to \$2.50.

RADICAL REFORM MOVEMENTS.—The signs of the times are most encouraging for all conservative men. The evidences of the near disintegration of the Republican party are accumulating. The latest we have seen is a call for a reform movement in the Republican party, issued in Cincinnati. The objects expressed in the call are the same as those recently given out as the basis of a "reform movement" in Boston: 1. To substitute a revenue tariff for the existing unjust and ruinous protective system. 2. To reform the Civil Service by the abolition of political tests for appointments therein. 3. Speedy return to specie payment, and opposition to all that will hinder or delay that event.

The almost simultaneous occurrence of these calls for a reform movement in Boston and Cincinnati seems to indicate that it was preconcerted. It shows, at least, that there is a growing dissatisfaction among the people with the Radical party, and that it is ripe for disintegration.—S. F. Dispatch.

CAN SUCH A THING BE TRUE?—General Grant, as a statesman, has set an example to some of the Senators. Trumbull's brother-in-law is a pension agent and his son is clerk to the Judiciary Committee, of which Trumbull is a member. Senator Nye's son is clerk to Nye's Committee. Senator Morton has placed one brother-in-law as Postmaster of Indianapolis, and another brother-in-law as Governor of Dakota. Senator Scott has a brother-in-law in a fat office in the Philadelphia Mint. Senator Hamlin has put a son-in-law in a good place under the Naval officer at Boston. Senator Dick Yates turned out a crippled soldier from the Postoffice at Jacksonville, Illinois, and put in his own brother. Mr. Harlan saved the Neesho Indian Agency from some Quaker for a brother-in-law. These are halcyon days for brothers-in-law.—N. Y. World.

LATEST FROM CUBA.—Latest Spanish account of the affair at Nipe Bay, in the Eastern Department, northern coast of Cuba, state that the filibusters were attacked by the Spaniards while landing from the steamer. At the beginning the Spanish troops surprised the party, captured their flag, position and four guns. But the filibusters rallied, recaptured the guns and position, but not the flag. They also fired on and killed the Spanish steamer Muzello with two shots. The affair has caused much excitement at Neuveitas, the next seaport west of Nipe Bay.

WHITE PINK PRICES.—Barley is now worth but nine cents per pound in the White Pine market, and has but thirteen cents—a reduction of one half in the cost of each article within the last fifteen days.

S. WYDE HARDING. Reader and Electionist, will prepare a few pupils as Readers, for the Pulpit, Rostrom or Stage, at their residences. Mr. H. has never failed to give entire satisfaction. Can be seen at the Hunter House, or letters will receive immediate attention. He will also prepare a few pupils in French.
